

At Holy Trinity we never underestimate the impact employer encounters have on our students. We are passionate about working with employers to enlighten our students, raise their ambitions and provide them with experiences that they will remember for a lifetime. We believe that employers play a vital role in ensuring that we offer a careers programme which prepares our students for the world of work and the confidence to make progression decisions that are right for them.

- Can you give an hour – face to face or virtually?
- Would you be able to provide a short video to help our link curriculum learning to careers?
- Are you able to offer a work experience?
- Do you have resources that you wish to share with us?

No matter whether you are a small, medium or large company; the CEO or an apprentice; all of you will have an influence on our learners. You do not need to have had previous experience in working with young people – sharing your own experience and your own career journey will be invaluable in helping our students to shape their thinking about their career path.

If you are looking to make a difference and are interested in working with us please email:
