

Fly tipping – The Illegal Dumping Of Waste.

Dear Shabana Mahmood (MP),

My name is Edward and I'm acquainted by my fellow peers Rennae, Zeshaan, Yakin and Halima we are here to write to you regarding the on-going issue with leaving rubbish and furniture in the local residence and around school areas within Coventry Road and Small Heath as a whole, the way it affects people surrounded in the area.

Take Carlton Road for example, the road has been plagued for years with sofa's and trollies I understand that it has been cleaned many times but I believe it needs further action and so do the residents as well.

The advantages would be virtuous as the residents of Carlton road and other places near there would be able to live properly as the litter being left out isn't bio-degradable they would harm the new born, toddlers, teens, adults and the elderly.

Ways to tackle this would be to have an active force that could keep watch on camera's.

Statistics for fly-tipping being produced are:

39,000 or 4% of fly-tipping is equivalent to a small lorry, in 2020/21 1.13 Million fly-tipping incidents have been dealt with by the police even with an increase of 16% from the 980,000 incidents in 2019/20

Even with the incidents being tackled it doesn't change that nobody wants to live around small heath and the citizens that want to move to a newer place wouldn't even think of Small Heath as an option.

It's terrible the fact that Small Heath is so dirty that barely anyone thinks of moving here or even visiting here as a Holy Trinity student I cannot allow this I will do everything in my power as a citizen in Small Heath to make it as appealing as possible.

Yours sincerely 11-C
